DETAILED ACTION

Response to Amendment

The Amendment, filed on August 17, 2004, has been entered and acknowledged by the Examiner.

Claims 1-12 are pending in the instant application.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims,

This application is in condition for allowance except for the presence of claims 7-11 to inventions non-elected without traverse. **Accordingly, claims 7-11 have been cancelled.**

Allowable Subject Matter

Claims 1-6 and 12 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the references of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claim 1, and specifically comprising the limitation of cutting ends of a screen side frame constituting two opposing sides of a framework in a

predetermined shape by shearing, thereby obtaining end faces on which a shadow mask is stretched.

Regarding claim 6, claim 6 is allowable for the reasons given in claim 1 because of its dependency status from claim 1.

Regarding claim 2, the references of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claim 2, and specifically comprising the limitation of cutting ends on a side opposite to the basic plane of frames constituting two opposing sides of the framework in a predetermined shape by shearing, thereby obtaining end faces on which a shadow mask is stretched.

Regarding claims 3-5 and 12, claims 3-5 and 12 are allowable for the reasons given in claim 2 because of their dependency status from claim 2.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Other Prior Art Cited

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
